

Report on Operations and Accomplishments
2015 Operations and Accomplishments

Greater Rochester Outdoor Sports Facility Corporation (GROSFC) is a New York Corporation that manages the operation of a sports stadium, in Rochester, New York known as Frontier Field. The County of Monroe owns the Stadium and leases it to GROSFC.

2015 was successfully completed with close to 300,000 baseball fans attending Rochester Red Wings games at Frontier Field between April and September.

Frontier Field hosted many other non-baseball events including charity walks, concerts and Festivals.

In March of 2015, the Greater Rochester Sports Authority assigned all of its rights and obligations with the stadium maintenance contract to GROSFC as part of its dissolution process. Monroe County continues to manage day-to-day Stadium maintenance and Rochester Community Baseball continues to oversee marketing activities. This arrangement has been successful and all parties involved are satisfied.
